The VC Committee of MO CAY District (KIEN HOA) just ordered its subordinate agencies and cadres to open study sessions on the subject "The building up of a strategic unit" with a view to welcoming the so-called "Victorious Spring" and to responding to the "Unanimous Uprising phase" initiated from Jan. 20 to Jan. 27, 1968 by the VC Committee of BEN TRE Province. The VC made known that a unit equipped with strategic weapons will jump off into operation one of these days to annihilate the U.S forces in the name of the socialist bloc's struggle for world peace.

Put to a preliminary trial, the mentioned weapons had destroyed 2 warships in BEN TRE waters and at HAM LUONG river mouth recently.
